PATIENT ESCAPES FROM HOSPITAL AND NOT FOUND

Last night, between 7 and 8 o'clock, a lady, suffering from a prominent family, escaped from the Memorial Hospital and at a late hour had not been found. She had been committed to a special officer for the night, but had escaped through a window, hauled a cab and drove to the Chesapeake and Ohio depot. She did not have any money with her, so far as any one knows. She inquired of a fruit dealer how to get to Petersburg and took a cab for that city. The last time she was reported to the police as seen she was at Seventh and Hull Streets, Manchester. The police, who had been requested to look for her, and the hospital also sent out agents. The woman is about thirty years of age.

NO MONEY FOR FRENCH EMBASSY AT VATICAN

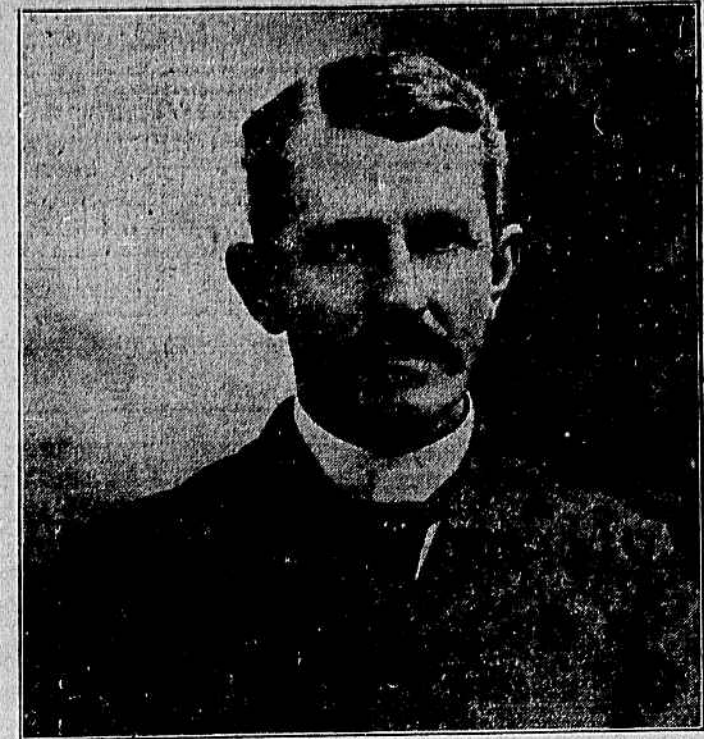

(By Associated Press.)
PARIS, July 1.—The Budget Committee of the Chamber of Deputies voted to-day for the suppression of the appropriation for the French embassy at the Vatican, and also passed a resolution which will require the Chamber to consider a report to the Chamber censuring Premier Combes for his refusal to express the views of the government on the subject.

PETITION FOR GAS NINETY CENTS SOON

Tidewater Railway Involved in Litigation Begun Yesterday.

IT IS RUN BY DUMMIES
Petitioner Says Stokes and Smith Appropriated Shares of Security Company.

(By Associated Press.)
TRENTON, N. J., July 1.—Joseph W. Reinhardt, of Plainfield, filed a bill in the Court of Chancery against Thomas Stokes, David Smith and others to secure for himself and other stockholders of the Old Dominion Construction Company certain assets which he claims belong to that company. The latter company was organized to secure the contract for building of the Chesapeake and Western Railroad from Tidewater, in Virginia, to the coal fields of West Virginia. Reinhardt in his bill charges that by an arrangement with Stokes and Smith he surrendered his stock in the Old Dominion Construction Company and the Shenandoah Company was organized. Reinhardt charges that Stokes and Smith have appropriated to their own use 4,455 shares of the security company's stock; that they have bought in the name of the Pocahontas Company sixty thousand acres of land along the line of the Chesapeake and Western Railroad and hypothecated the same with the Bowling Green Trust Company, of New York. Reinhardt charges that the subsidiary companies of the security company have been run by dummies in the interest of Stokes and Smith, and he asks an accounting, and also asks that a receiver be appointed for the Old Dominion Construction Company to take charge of the property involved in the litigation.

RESIDENT OF YORK, PA., ROBBED AND MURDERED

(Special to The Times-Dispatch.)
YORK, PA., July 1.—John Kesch, aged twenty-six years, of a prominent family, was found at noon to-day murdered with his head crushed in at the back. His pocket had been rifled of money, watch and chain. The tragedy occurred in the heart of the city. Jacob Shultz has been arrested and held as an important witness.

AUGUSTA FARMER HANGS HIMSELF

James H. Smith Ties Small Rope Around His Neck and Jumps From a Fence.

(Special to The Times-Dispatch.)
STAUNTON, VA., July 1.—Mr. James H. Smith, of Augusta county, about thirty years of age, committed suicide yesterday by hanging. He had been suffering recently from an attack of fever, from which he had not recovered. Yesterday he rode away from his house for the purpose of securing hands for harvest. He did not return as expected, and his friends, when going in search for him, found his lifeless body hanging to a tree. He hitched his horse, climbed the fence, and with a very small rope, which he fastened to the tree, the other end of which he had made a noose and fastened around his neck, he jumped off the fence, breaking his neck. He was single.

SHINBERGER OPERATED ON LAST NIGHT

Patient Has Peritonitis, Internal Bleeding.

BALL PENETRATED OFFICER'S LIVER

This Serious Condition Was Revealed by Dr. Taylor's Operation.

JAMES GOODE DEFIES ALL EFFORT AT CAPTURE

Police Search Every Conceivable Hiding Place and Follow Every Clue to No Avail. Men Volunteer Gladly for Service, Forgetting Sleep.

At 3 o'clock this morning Inspector Shinberger's temperature was 100.3-5, pulse 96, respiration 40. His condition was pronounced critical, and the patient was not resting at all comfortably. The impression was that he would live some hours longer.

At 9 o'clock last night Drs. Hugh Taylor, Brock and Gray performed an operation upon Inspector Shinberger at the Virginia Hospital. It showed that the liver had been penetrated and that peritonitis had set in. While the Inspector stood the operation well, the chances are greatly against his recovery.

Inspector Shinberger was removed from the home of Superintendent Davis shortly after noon yesterday to the Virginia Hospital. He received all possible attention at the City Hospital from the doctors, nurses and Superintendent Davis. Mrs. Shinberger is at the hospital with her husband.

The doctors said late last night that chances of recovery were slim, but that the fine physical condition of Captain Shinberger would go a long way in helping him out.

Work of the Police.

The police are making every effort to effect the capture of James Goode, the murderer. Feeling that they have a most desperate character to deal with, no chances will be taken. The territory for miles around the northern section of the city is being closely watched. Several clues as to the alleged whereabouts of the negro were run down.

The most encouraging one was received about 8:30 o'clock, when a message was sent to Detective Hall at the patrol station that the man wanted was concealed in a house on Thirty-first Street, between P and Q Streets. Sergeant Kersch, Detective Hall, Charles Hull, and a Times-Dispatch man hastened to the

BODY RIDDLED WITH BULLETS

Negro Assailant of Mrs. Banister Lynched in Georgia.

(By Associated Press.)
CARTERSVILLE, GA., July 1.—John Jones, the negro assailant of Mrs. Banister, was lynched near the scene of his crime about midnight. Judge A. W. Eitz made a speech in an attempt to restrain the crowd of about two hundred, but it was useless. The negro's body was riddled with bullets, more than five hundred shots being fired.

Fatal Fall.

(Special to The Times-Dispatch.)
SPOT SPRINGS, VA.—July 1.—Mr. W. Moore, of Beckham, Va., while ascending the steps of her home on Saturday, fell and sustained injuries from which she died in a few minutes.

Description of James Goode.
Age about twenty-six, dark ginger color, height 5 feet 6 inches; weight about 140 pounds; scars: top of head, left eyebrow, right side mouth, chin, right forearm, right leg and knee, left knee, calf of left leg and shin.—Taken from record at the State Penitentiary. \$200 reward offered for his capture.

Thomas F. Ryan Head and Shoulders of the Movement.

PRELIMINARY SKIRMISHING

Movement to Scatter Parker's Votes and Prevent Early Nomination.

(By Associated Press.)
ST. LOUIS, July 1.—Two distinct lines of operation developed to-day in the preliminary skirmishing of the Democratic National Convention. One is a scheme to rush the nomination of Judge Parker on the first or second ballot, and the other is to scatter the vote and prevent an early nomination, with a view of naming Cleveland or Gorman. The friends of Gorman and Cleveland are working to hold the convention for several ballots in the hope that their candidate will be named. The Gorman men are not parties to the Cleveland movement, nor are the Cleveland advocates combining with Gorman's friends. There is no alliance, but it is to the interests of both that the Parker strength be disintegrated as soon as possible.

Ryan Cleveland's General.
There are a few men here—members of the old Cleveland guard—who are watching every point, and who are in close communication with Cleveland's supporters. They are using the race issue and the Southern men, and with all delegates they use the argument that Cleveland is the only man the Democrats can elect. The man who is credited with being the head and front of the Cleveland movement, Thomas F. Ryan, will arrive tomorrow. Mr. Ryan is a delegate from Virginia. He has been associated with Charles F. Murphy, leader of Tammany Hall.

Gorman's position is stated to be that he will not enter into any combination to prevent the nomination of Parker unless it means his own selection. Around Gorman are gathered the Maryland, West Virginia, District of Columbia delegations and some from other States, with a bare possibility of securing New Jersey and Pennsylvania. It now seems that the control of the party affairs will pass to the East, no matter who may be the candidate or what may be the platform.

Bryan Won't Bolt.
Strong assurances are given that William J. Bryan will not bolt. It is stated that Mr. Bryan will offer vigorous dissent to the platform, and possibly to the candidate, but some Democrats say that after expressing his dissent, it is not

NEGROES IN THE UNITED STATES

The Census Shows 9,204,531 in the Entire Area.

(By Associated Press.)
WASHINGTON, D. C., July 1.—The Census Bureau to-day issued the final bulletin on the negro population of the United States. The number of negroes in the United States, including the entire area covered by the twelfth census (continental United States, Alaska, and Hawaii) and Porto Rico is 9,204,531, about a larger number than is found in any other country outside of Africa. The report indicates that between 11 and 12 per cent. of the negro population live, or are believed by the enumerators, to have some degree of white blood. The center of the negro population is in DeKalb county, Ala., about four miles from the western boundary of Georgia, having moved thence from Dinwiddie county, Va., 470 miles northeast, since 1790.

Almost 50 per cent. of the negroes in continental United States are in the Southern States. Negroes constitute about one-fifteenth of the city population in the United States, including the entire area covered by the twelfth census (continental United States, Alaska, and Hawaii). There was an increase among the negroes of 1,345,318, or 18 per cent., in continental United States, but the rate of increase declined steadily through the nineteenth century.

FIGHTING BY SEA AND LAND

Russian Fleets Combine Against Togo.

THE RESULT IS NOT YET KNOWN

Kominura Said to Have Trapped Vladivostok Squadron, But Reports Conflict.

BATTLE NOW RAGING NEAR HAI CHENG

Kuropatkin Said to be in Very Difficult Position—Japs With in Twenty Miles of Liao Yang—Russians Recover Dalin Pass—Intervention Declined.

(Special Cable to The Times-Dispatch, Copyright, 1904.)

LONDON, July 1.—To-day's news from the Far East has contained several items of great interest, chief among these being a report that a great naval battle was in progress just outside of Port Arthur, in connection with which it was rumored at Chefoo that the Port Arthur fleet had broken through the blockades and met the Vladivostok squadron and that the combined fleet had then advanced against Togo. Some color is lent to this story by the reports from Port Arthur that only four of the Russian ships were in the harbor and from Tokio, that the Vladivostok squadron had again eluded Kamimura.

Reports of the situation in Manchuria indicate that the long expected battle is now on near Hai Cheng, and that Kuropatkin is in a most difficult position, being caught between three Japanese armies each of them being of imposing strength and the combination being such as to render his chances of escaping extremely doubtful. It appears from the best advice that a force dispatched by Kuroki has cut the railroad in front of the retreating Russians, while another column has advanced against them from Shou Nu Cheng and a third column is marching to the attack along the railroad from the south.

The aim of the Japanese commander seems to be to push the campaign to a speedy close by taking advantage of the rainy season, which renders the roads of Manchuria practically impassable, and trench themselves in the southern section, compelling the Russians to assume the offensive, which will put them to great disadvantage and, if successful, will result in the capture of Port Arthur. It is understood that overtures have been made to Russia looking toward friendly intervention by the United States, but that Russia has declined to consider the proposition under the present circumstances, declaring the first move toward such an end must come from Japan.

Squadron Trapped (?)
(By Associated Press.)
TOKIO, July 1.—The Russian fleet, which was trapped and attacked the Russian Vladivostok squadron off the islands of Tsu in the southern entrance to the sea of Japan last night. The result of the encounter is unknown.

BIG NAVAL BATTLE.

Japanese Fleet Actively Engaged at P. M. Yesterday—No Sight of Russians.

(By Associated Press.)
CHEFOO, July 1.—8:30 P. M.—What should prove a decisive naval engagement was in progress at 1 o'clock this afternoon midway between Chefoo and Port Arthur.

The steamship Chefoo, which has arrived here, passed within fifteen miles of the Japanese fleet, consisting of two battleships and five cruisers, all actively engaged. The Russian fleet was not seen, but the distance of the Japanese from land precluded the possibility of any attack on the land batteries. The captain of the Chefoo says he heard a terrific explosion, but was unable to determine whether a Japanese or a Russian ship was affected.

The battle is held here to confirm the Chinese report that only four of the larger Russian warships were at Port Arthur last night.

ATTACKED THE HEIGHTS.

Heavy Fighting Reported From Neighborhood of Port Arthur.

(By Associated Press.)
ST. PETERSBURG, July 1.—The following dispatch has been received at the war office from General Zensky, dated June 28th: "The following reports have reached here (Liao Yang?) from Port Arthur: 'On June 24th the Japanese displayed great activity at all their outposts, and in the hope of securing the mountains of War-Tel-Laz, (?) which had been taken from them, they attacked, but again were repulsed, and our troops now occupy the village of Beikhoon, northeast of Sia-Ping-Tao. The enemy maintained a heavy fire all day on our left flank, but five or six long range guns, which lie in Taitien-Wan Bay, in full view of Port Arthur. It consists of a cruiser, two torpedo boat destroyers and seven merchant ships, which evidently brought cargoes into the bay. 'On the night of June 24th-June 25th the Japanese torpedo boats approached the fortress, and at 4 A. M. June 25th they began to cannonade our batteries.
